

**Get sorted on  
how to use your  
recyclables bin**

**Make landfill the last resort.  
Find out how at [www.wastesorted.wa.gov.au](http://www.wastesorted.wa.gov.au)**

## Recycle these 5 things.

You can use the recyclables bin for cans, plastic, glass, paper and cardboard. Remember to put items in loosely, flatten cardboard boxes and remove the lids from bottles and jars.

To maximise recycling, no nappies, no clothing, no recyclables tied up in bags, no batteries and no electronic waste can go into this bin.

You can find detailed information about what goes in each bin by visiting your Local Government website.

This sample template can be customised by Local Governments using the WasteSorted Toolkit.
