

Using your kitchen caddy

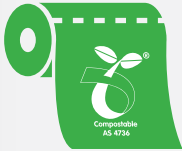

Three simple steps to help you sort your food scraps for composting.

Only use compostable liners.

When choosing liners, look for the compostable logo.

1

Line the caddy with your compostable liner.

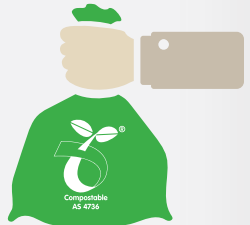

2

Place all your food scraps in the caddy and other compostable material like coffee grounds.

3

After 2-3 days, or once the liner is full, place it into your FOGO bin. Food scraps can also be placed loosely in the bin.

Please {insert instructions} for more compostable liners.
